Petrol 2018 on

**Barcode:** 9343983002960

**Availability:**  
Pre-Order From  
28th October 2020  
Despatch Late November

### FEATURES

Increases original capacity of 40L,  
to a total of 80L

Has internal baffles.

Fitted with a drain plug.

Is supplied with an exhaust  
modification in the kit

Designed with a leading edge  
deflection angle.

### BENEFITS

Giving the user more onboard fuel with an  
additional 100%

Fuel is kept around the pickup unit and  
minimises weight shifts.

You can drain your tank easily if you get a  
bad batch of fuel.

Sound's not compromised. However, it has  
allowed maximum space to design a tank

Reduces the chance of getting caught up  
on rocks or mounds when offroad.
