- Precision engineered
- Injection molded high-impact resin lid
 - Nearly indestructible
- 500lb+ dynamic payload capacity
- Anti-corrosion treated steel hardware and aluminum reinforcement
- Dent proof, puncture proof

Super Secure

THEFT DETERRENT

- Robust lock and latch system makes forced entry nearly impossible
- Tub-lid interface minimizes theft pry bar points
- Single lock secures multiple latch points
 - Driver side keyed lock

Waterproof

WEATHERTIGHT

- Impervious to the environment
- Seamless, watertight construction
- EPDM lid gasket
- Overbuilt tub lip-lid channel interface

Glove-Friendly Entry

ROBUST LATCHES

- Overbuilt, hand-size handles
- Large, easy-push latch buttons
- Driver side and passenger side access

Torsion Spring Lid

NO BOUND-TO-FAIL GAS STRUTS!

- Torsion bar spring loaded lid
- Effortless lid opening and closing
- Spring tension keeps lid open

Easy Access

ACCESS TOOLS FROM THE GROUND

- Optional nested ladder deploys for easy access
- Telescoping design offers safe ingress
- Fits up to 60" tall truck bed rails
- Easy to install or remove ladder. Mounts from passenger side.
